### ANALYZE TOOL

Find hidden trends and patterns, gain insight into emerging fields of research, identify leading researchers, institutions, and journals, and trace the history of a particular field of study. You can analyze results by author, publication year, journal subject category, institution, language or source title, and view a numerical, percentage and graphical representation of the analysis.

### AUTHOR FINDER

Quickly distinguish between authors who have the same name and group an author's output when the name is recorded in several different formats.

### ENDNOTE® WEB

Create bibliographies on the go with *EndNote Web*, fully integrated into *Web of Knowledge* and freely available to any user. With *EndNote Web*, you can easily access and organize your references online as you search *Web of Knowledge*, PubMed® and hundreds of library OPACs directly. You can send references to *EndNote Web* as you search, share *EndNote Web* folders with others, store references online between search sessions and transfer your files to *EndNote* on the desktop for further management.
