

INTEGRATE SCIENTIFIC WEB RESULTS WITH YOUR SCHOLARLY PUBLICATION SEARCH

SCIENTIFIC WEBPLUS

THE SCIENTIFICALLY FOCUSED WEB SEARCH ENGINE

WHAT YOU'LL FIND

- Scientifically relevant websites selected by Thomson Reuters editors
- The newest open Web information
- Practical options for searching, sorting, and filtering
- A workflow solution that is fully integrated into *ISI Web of Knowledge*SM

WHAT YOU CAN DO

- Save time by accessing both open Web and expert database information in the same search
- Save effort by receiving only scientifically oriented results
- Discover the latest scientific news, developments, interviews, and opinion
- Identify potential collaborators, speakers, editors, and reviewers
- Produce complete research that reflects a full array of resources

MEETING THE WORKFLOW NEEDS OF THE SCHOLARLY COMMUNITY

Scientific WebPlus provides you with convenient access to a Web search designed specifically for scientific professionals. Available through *ISI Web of Knowledge*, *Scientific WebPlus* complements searches by helping you find:

- Scientifically focused open Web content
- Incisive commentary on recent scientific developments
- The latest information on authors and research scientists — potential collaborators or competitors

ALL SEARCH ENGINES ARE NOT THE SAME

Scientific WebPlus focuses on websites selected by Thomson Reuters editors. These are the same experts who select and shape the content found in *Web of Science*[®] and *ISI Web of Knowledge*.

Since *Scientific WebPlus* is part of *ISI Web of Knowledge*, you save time by integrating a robust Internet search engine into your general information search. You also save effort because *Scientific WebPlus* eliminates irrelevant Web content and delivers only useful, relevant results from the open Web.

ISI Web of Knowledge users can access Web results from their results page.

[Scientific WebPlus results page](#)

Access accurate, objective, and relevant results.

Filter your search results

Filter results by subject, domain, or file format to find the information you need.

SEE THE DIFFERENCE FOR YOURSELF

Compare *Scientific WebPlus* to any major search engine. Simply use any search term, or try one of these sample searches:

- Alzheimer's and music therapy
- Sustainable energy
- Couch potato

EASY TO USE AND FULLY INTEGRATED WITH ISI WEB OF KNOWLEDGE

When you conduct an *ISI Web of Knowledge* search, *Scientific WebPlus* results are automatically gathered, filtered, ranked, and sorted, based on relevancy. You can access these results by clicking on the *Scientific WebPlus* button at the top of any *ISI Web of Knowledge* results page. Or you can access *Scientific WebPlus* directly from the All Databases, Select a Database, and Additional Resources pages within *ISI Web of Knowledge*. You can then:

- Filter results by subject, domain, or file format
- Search again by topic, person or author, source, institution, organism, or gene
- Email and print your results
